- Share something that surprised, encouraged, or troubled you from this week's message.
- Isaiah used his mouth as an instrument to deliver God's word, yet it was the very thing he pointed out as sinful and became the focus of God's cleansing. What can we learn about this? What does this tell us about ourselves?
- How does this message bring you hope as we near the season of Advent? Does it bring you hope?
- What is one thing that Jesus would want you to walk away believing and receiving as a result of this portion of Scripture?
